

Damascus Gear Product Features

TACTICAL GEAR:

#DCP-2000 : IMPERIAL™ EVA Upper body and Shoulder Protector

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. the DCP2000 is a premier upper body protection unit. Made to protect the shoulders, back, chest and groin without limiting combative movement. Best for use in crowd control, CERT, combat drill, and tactical situations.

- Lightweight cellular EVA foam pad design for maximum movement and protection
- Neck-roll features 40mm high-density sponge foam
- Shoulder pads with hard shell plastic inserts and foam padding
- Protected with a durable tight-weave polyester mesh
- Adjustable reinforced straps with Velcro®
- Velcro® areas to secure ID Nameplates (sold separately)
- Non-ballistic
- Approximately 2 lbs (.9 kg)

Size Range (as measured by chest size):

Medium: 38"-42" (96.5 – 107 cm)

Large: 42"-46" (107 – 117 cm)

X-Large: 46"-52" (117 – 132 cm)

XX-Large: 52"-56" (132 – 142 cm)

XXX-Large: 56"-60" (142 – 152 cm)

DFX2 : IMPERIAL™ Elite Upper Body Protection System

Created by Damascus Gear™, the DFX2 was designed to provide substantial protection from blunt force trauma without sacrificing the fit or comfort. The chest, shoulders, and back hard shell panels have a modular flex design allowing for all shapes and sizes to fit comfortably without sacrificing much needed mobility. The chest portion of the suit features an aluminum stab plate insert for additional protection. The back plate offers a raised portion in the center that protects the spine from blunt force injury.

- Lightweight cellular Protium™ foam pad design for maximum movement and protection
- 3mm Electrum XK8™ hard shell front and back panels feature a unique Damascus® 3-panel flex design for optimum movement, fit and comfort

- Aluminum Plate insert for the chest portion offers ultimate protection from stab and projectiles (non-ballistic)
- Hard shell back plate offers a raised center for optimal spinal cord protection
- Electrum XK8™ plate with shock absorbing Protium™ foam covers both top of shoulder and upper arm
- Shoulder and side adjustable for increased flexibility and range of movement
- Protected with a durable tight-weave polyester mesh on the outside
- Pocket on interior back side to hold a hydration system
- Adjustable and removable groin protector
- Adjustable reinforced straps with Velcro®
- Velcro® areas to secure ID name plates (sold separately)
- Non-ballistic

Size Range (as measured by chest size):

Medium/Large: 38"-46" (96.5 – 117 cm)

X-Large: 46"-54" (117 – 137 cm)

XX-Large/XXX-Large: 56"+ (137+ cm) SPECIAL ORDER ONLY

Identification Name Plates

- Velcro® area to secure ID name plates
- Sold separately

Aluminum Stab Plate Insert

Dimensions: 13.5" x 13.5" (34 x 34cm)

#DEP : IMPERIAL™ Hard Shell ELBOW Pads

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. The Imperial™ DEP Tactical Elbow Pads are built for comfort and performance! Designed to give full range of motion in extreme tactical situations. Made with non-slip flexible molded TPU plates to deflect blows from flying debris or protect elbows on hard surfaces. High tenacity, air textured DuPont Ultra Cordura® nylon outer materials. These elbow pads also have dual hook and loop straps with an ergonomic curved form. All padding is closed cell foam for excellent cushion and shock protection. Won't absorb and hold water. One size fits all. Sold as a pair. Available colors and camouflage prints include : Black, OD Green, and MultiCam® Camo.

- Hard shell polyurethane thermoplastic non-slip elbow caps
- Reinforced foam padding for shock absorption and wear comfort
- Two adjustable Elastic straps with Velcro® and D-rings for the most secure fit
- High tenacity, air textured DuPont Ultra Cordura® nylon outer materials
- Superior abrasion and tear resistance
- Dull finish non-reflective tone-on-tone grommets
- Ergonomic curved form

- Interior name tags for personal identification
- Washable
- One size fits all

DKX1 VORTEX™ GEL-Core Hybrid Knee Pads

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. The most comfortable hybrid knee pad ever built specifically for Law Enforcement or Military use... just so happens to offer some serious impact protection. They have a unique hybrid construction that combines high and low density materials to deliver maximum "cush", while the contoured ergonomic shape offers superior knee pad support. Part of the DKX1's secret is its GEL and GEL foam center cores which contain two types of shock-absorbing gels,

bonded together to create unsurpassed comfort. The GEL also absorbs body weight and disperses it within the pad. One size fits all. Sold as a pair. Available colors include : Black, OD Green

- Heavy-duty, hard-shell composite cap which is truly NON-SLIP and plants you firmly on any surface.
- The GEL cores and the unique caps then work together to produce the best possible knee zone protection from blunt force trauma.
- Perforated breathable neoprene coated with silicon at the tops of the pads hug the leg above the knee.
- 1000 denier nylon Cordura® braces and protects the rest of the knee area.
- Both straps feature silicone coated strips to prevent pads from slipping in motion, and reinforced rivets.
- The ergonomic design of the DKX1 as a unit conforms to the knees like no other and produces superb mobility. The pads have been extensively designed specifically for law enforcement and military to produce the highest level of durability and extended knee pad life.

#DSG-100 : IMPERIAL™ Hard Shell Knee/Shin Guards

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DSG100 are considered essential equipment for tactical or disturbance control situations. The Imperial™ hard-shell shin guards feature built-in knee pads with Trion™ non-slip grip technology. The highly impact resistant units are made to deflect flying debris of all kinds. They are reinforced for comfort internally with shock absorbing padding and are held securely with multiple adjustable straps. Sold in pairs.

- Hard-shell knee caps with Trion™ Non-slip grip technology
- Hard-shell polyethylene shin plates with dull black finish to avoid reflection
- Heavy-duty reinforced foam padded nylon inner leg support
- High tenacity, air textured DuPont Ultra Cordura® nylon outer materials
- Multiple adjustable elastic straps and Velcro® closures for secure fit for various leg girths
- Adjustable (and removable) foot guard plates
- Interior name tags for personal identification
- Washable

Available Sizes:

MD/LG – 9” shin guard (22.86 cm) / 15” total length (38.1 cm) *excluding foot guard
 XLG – 11” shin guard (27.94 cm) / 19” total length (48.26 cm) *excluding foot guard

#FA30 : FlexForce™ style Hard Shell Forearm/Elbow Protector

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. the FlexForce™ FA30 forearm and elbow protector design provides substantial protection from blunt force trauma without sacrificing the fit or comfort. The modular connection between the forearm and elbow portions of the pad allows for flexibility of movement while using batons or weapons.

- Two piece hard Electrum XK8™ outer shell provides flex needed by your forearm and elbow.
- Shock absorbing Protium™ foam covered with 420 denier Cordura nylon
- Polyester mesh lines the inside which offers comfort and breathability
- Adjustable straps fasten with durable nylon elastic and Velcro®
- Two Sizes: Men’s MD/LG and XLG/XXLG

#FP10 : IMPERIAL™ EVA Forearm protectors

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The FP10 Damascus® Imperial™ forearm protector have been designed for use with the Damascus® DCP2000 and DFX2 upper body, chest and shoulder protectors to shield the entire forearm, from the wrist to the elbow. Construction consists of durable EVA foam covered by a plastic plate encased in Black rigging. It provides ample protection without hindering mobility during tactical or riot control situations. The FP10 do not provide ballistic protection, but will safely absorb blows delivered from blunt objects. Sold in pairs.

- Forearm protection from wrist to elbow
- Lightweight EVA foam with hard shell plastic inserts
- Two adjustable straps
- Protected with a durable tight-weave polyester mesh
- One size fits all

#FX-1 : FlexForce™ - Modular Hard Shell Crowd Control System

The #FX-1 FlexForce™ Modular Hard Shell Crowd Control System is the ultimate high-threat level riot control, domestic disturbance, and cell extraction suit. The FlexForce™ design provides substantial protection from blunt force trauma without sacrificing the fit or comfort. The suit is lightweight and ranks highest in easy to put on or take off in a moments notice. The front and back hard shell panels have a modular flex design allowing for all shapes and sizes to fit comfortably with out sacrificing much needed mobility. The forearm guard offers a much more comfortable elbow portion of the pad, which allows more flexibility. The knee/shin guard has a non-slip surface, which keeps you planted in position.

Upper Body and Shoulder Protection

- Hard shell front and back panels feature a unique Damascus® 3-panel flex design for optimum movement, fit and comfort
- 3mm Electrum XK8™ hard shell front and back panels
- Modular front and back panels are steel riveted together with Cordura® nylon connector straps which attach by Velcro®
- Shock absorbing Protium™ foam with a Polyester mesh covers the chest, back, shoulder and upper arm
- Electrum XK8™ plate with shock absorbing Protium™ foam covers both top of shoulder and upper arm
- Polyester mesh lines the inside of the upper body and shoulder portion which offers comfort and breathability for long term wear
- Reflective Name Plate ID labels can be attached to the front panel for identification (sold separately)
- Adjustable Straps fasten with durable nylon elastic and Velcro®

Forearm Protector

- Two piece hard Electrum XK8™ outer shell provides flex needed by your forearm and elbow.
- Shock absorbing Protium™ foam covered with 420 denier Cordura nylon
- Polyester mesh lines the inside which offers comfort and breathability
- Adjustable straps fasten with durable nylon elastic and Velcro®

Thigh and Groin Protector

- Hard Electrum XK8™ outer shell on thigh and hip sections
- Shock absorbing Protium™ foam with 150 denier Cordura nylon covers the entire outside
- Polyester mesh lines the inside which offers comfort and breathability
- Tailbone pad has an Electrum XK8™ plastic plate laminated to the Protium™ foam
- Groin section has an inner Electrum XK8™ shell with a Protium™ foam padding and mesh cover
- Adjustable Straps fasten with durable nylon elastic and Velcro®

Knee and Shin Guards

- Hard Electrum XK8™ knee caps with super non-slip grip
- Hard shell Electrum XK8™ shin plates with dull black finish to avoid reflection
- Heavy-duty reinforced Protium™ foam padded nylon inner support
- Inner support riveted to the shin plates for ultimate durability
- Multiple adjustable nylon elastic and Velcro® straps give a secure fit
- Removable adjustable foot guards

Sizing

- Each piece of the suit fastens and adjusts quickly with durable nylon straps, Velcro® and quick connect clips which allows each individual a custom fit
- Available in sizes MD, LG, XLG, XXLG, XXXLG

Measurements by chest size:

NOMEX: Created by Damascus Protective Gear™, leaders in full body protective gear for law enforcement, military, and beyond. This Damascus® hood (also sometimes called “balaclavas”) was designed to provide heat and flame protection and comfort to the head and neck in SWAT and other tactical situations. It is made entirely 100% DuPont® NOMEX®, a fire retardant material that will not sustain a flame. These properties have made NOMEX® a requirement or standard in many industries such as firefighting, motorsports and industrial safety. It is ideal for heat and flash protection when deploying flash bangs.

#NH50L-B NOMEX® Lightweight Hood

- 3 ounce 100% Nomex
- Approximately 18” (45cm)
- Made in North America
- Size: One size fits all
- Black

#NH100H-B NOMEX® Heavyweight Hood

- 8 ounce 100% Nomex®
- 15” length (37.5cm)
- Made in North America
- Size: One size fits all
- Black

#NH250H-B NOMEX® Heavyweight Hood with flared bib

- 8 ounce 100% Nomex®
- Approximately 18” (45cm) flared
- Made in North America
- Size: One size fits all
- Black

#TG40 : IMPERIAL™ Thigh / Groin Protector with Molle System

This Damascus® Imperial™ TG40 Thigh/Groin Protector with Molle System is designed to compliment the DCP-2000 and DFX2 Upper Body, Chest and Shoulder Protection Systems also from Damascus®. It was specifically designed for blunt trauma protection during riot control situations and protects the thigh and hip areas. The addition of the Molle System on both thighs allows the user to attach a holster, mag pouches, or molle pockets of any kind. The

TG40 also features an adjustable and removable groin protector. Adjustable fit allows for one size to fit all.

- Designed to compliment the #DCP2000 and DFX2 Imperial Upper Body, Chest and Shoulder Protection Systems.
- Molle System on the thighs allow users to attach molle holsters or pouches
- Lightweight cellular EVA foam padding offers excellent protection from blunt force trauma
- Polyester mesh lines the inside which offers comfort and breath-ability
- Four inch elastic straps with Velcro® wrap around the thigh for a secure and snug fit
- Adjustable and removable padded groin protector
- Non-ballistic
- One size fits all

GLOVES:

#ATX5 : Lightweight Patrol Gloves

- Less is more with the year-round ATX5, giving you almost as much feel and control as your bare hand!
- Slip-on construction with zero bulk for lightweight controllable feel
- Palms made of premium single layer leather with perforated air vents
- Lightweight Lycra® twill backhands provide additional stretch and extra breathability
- Elasticized wrist opening
- Size range: Men's SM to XXLG

#ATX65 : Unlined Hybrid Duty Gloves

- All-purpose year-round duty gloves with integrated low profile knuckle zones
- Palms made of synthetic suede with reinforced palm panels for extra durability
- Lightweight Spandura backs for breathability and easy cleaning
- Pull tab for easy-on and off
- Hook and loop wrist closure
- Size range: Men's SM to XXLG

#ATX95 : All-Leather Gloves w/ Knuckle Armor

- Your finest firearm or the sleekest sports car personified in a glove design
- All-purpose year-round leather duty gloves with integrated hard knuckles
- Reinforced palm panels for extra durability
- Leather piping on backs of hands
- Ergonomic design for a contoured tight, but flexible fit
- Pull tab for easy-on and off
- Size range: Men's SM to XXLG

#CRT50 : Vector™ Hard-knuckle Riot Control Gloves

- Molded Black hard shell Carbon-Tek™ fiber knuckles and panels to deflect blows and debris
- Foam injected padded knuckles and wrist
- Leather shell with reinforced palms
- Double reinforced stitching and elasticized wrist
- Velcro® closure
- Inner lining of bonded breathable tricot
- Size range: Men's MD to XXLG

#CRT100 : Vector 1™ - Riot Control Gloves with Carbon-Tek™ fiber knuckles

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These gloves are specifically designed to protect the wearer against hand injuries in riot control, civil disturbance and other potentially violent environments, including high-risk inmate movements. The knuckles and panels are made of molded hard shell Carbon-Tek™ to deflect blows and debris, while foam-injected padding protects the wrist and other areas of the hand. Reinforced palms and double reinforced stitching add extra protection, and a Velcro® closure creates a secure, snug fit.

- Molded Black hard shell Carbon-Tek™ fiber knuckles and panels to deflect blows and debris
- Foam injected padded knuckles and wrist
- Leather shell with reinforced palms
- Double reinforced stitching and elasticized wrist
- Velcro® closure
- Inner lining of bonded breathable tricot
- Size range: Men's MD to XXLG

#D20P : Dynathin™ Unlined Leather Gloves

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These unlined gloves are specifically designed for all-day patrol use. The thin smooth aniline unlined leather allows for exceptional sensitivity and dexterity when conducting searches of suspects, driving, writing, etc. Good for all year use in mild weather conditions, as well as very hot ones (ever try touching a car door that's been sitting in 100 degree heat?).

- Smooth premium quality aniline finished cowhide
- Gathered wrist
- Unlined
- Size range: Men's XSM to XXLG

#D22 : Premium Leather Driving Gloves : full finger

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These unlined gloves are specifically designed for all-day use. The thin smooth aniline unlined leather allows for exceptional sensitivity and dexterity while driving / steering. Good for all year use in mild weather conditions, as well as very hot ones (ever try touching a hot steering wheel?).

- Smooth premium quality aniline finished cowhide
- Open knuckles and ventilation holes
- Adjustable strap with embossed logo
- Size range: Men's SM to XXLG

#D22S : Premium Leather Driving Gloves : 1/2 finger

- ½ finger style
- Smooth premium quality aniline finished cowhide
- Open knuckles and ventilation holes
- Adjustable strap with embossed logo
- Size range: Men's SM to XXLG

#D90X : Extrication & Rescue Gloves w/ Hard Knuckles

- Hipora® waterproof barrier liner with breathable insulation
- Extremely abrasion and tear resistant reinforced palm, knuckle and finger plates with Kevlar®
- Protective hard-shell knuckle guards and back of finger rubberized guards
- Terry-cloth brow wipe on thumbs
- Reflective finger tips and trim
- Flex form fitting extrication / rescue gloves
- Elastic wrist
- Size range: Men's SM to XXLG

Colors and Style #'s:

#D90X-B (Black)

#D90X-Y (Yellow)

#DFK300 : Frisker K™ - Leather Gloves with KEVLAR®

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These Kevlar® lined gloves are specifically designed for all-day duty and patrol use. The Frisker K™ is one of the most popular cut resistant gloves made and provide

moderate cut resistance from glass, razor blades and other hazards encountered during routine searches in the line of duty.

- 100% Kevlar® cut resistant protective liners
- Smooth premium quality aniline finished cowhide
- Gathered short cuff wrist
- Water resistant
- Size range: Men's SM to XXLG

#DFS2000 : Frisker S™ - Leather gloves with 100% Spectra®

- With 100% Spectra® cut resistant protective liners
- Smooth premium quality aniline finished cowhide
- Extended gathered wrist
- Water resistant
- Size range: Men's SM to XXLG

#DLD40 : Thinsulate® lined leather Dress Gloves

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The DLD40 is a classic style with an extended wrist. These popular men's leather gloves are an ideal choice for both casual and dress occasions throughout the cold weather seasons. The outer shell of premium aniline cowhide is water-resistant, while the Thinsulate® insulation inside ensures that your hands stay warm during the coolest winter days.

- Smooth premium quality aniline finished cowhide
- 40 gram Thinsulate® insulation and cotton/acrylic inner lining for added warmth
- Popular winter dress gloves with a traditional look
- Extended wrist
- Size range: Men's XSM to XXLG

#DMZ33-B : NITRO™ KEVLAR® Tactical Gloves with Carbon-Tek™ Knuckles

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DMZ33 Nitro™ gloves have been developed primarily for military operations and SWAT maneuvers. These premium protective gloves offer impact and abrasion resistance without compromising tactical sensitivity or weapon control in combat. They feature reinforced digital print premium quality aniline finished cowhide palms and trim areas, as well as impact resistant hard shell Carbon-Tek™ knuckles. Both cut resistance and flame resistance are provided from the DuPont® Kevlar® weave fabric on the backs of hands and fingers. The Nitro® gloves are also ergonomically constructed and extremely comfortable in the knuckle areas while flexing or creating a fist.

- Kevlar® on back of hands is flame/flash retardant as well as cut protective.
- Now with Digital print premium quality aniline finished cowhide palms and trim areas
- Black Carbon-Tek™ knuckles provides protection
- Wrist length with Velcro® closure for a secure fit
- Unique finger tip design for excellent trigger sensitivity and fit
- Size range: Men's SM to XXLG

#DNK1 : Enforcer K™ Neoprene Gloves with KEVLAR® liners

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These Kevlar® lined gloves are specifically designed for all-day duty and patrol use. The Enforcer K™ is one of the more popular cut resistant gloves made, and provides moderate cut resistance from glass, razor blades and other hazards encountered during routine searches in the line of duty. The neoprene backs provide exceptional hand flexibility preferred by many.

- 100% Kevlar® cut resistant protective liners
- Durable breathable neoprene backs
- Sure-grip synthetic leather palms for optimum sensitivity
- Washable and breathable synthetic outer shell
- NEW low profile wrist strap closure
- Size range: Men's XSM to XXLG

#DNS860 : Stealth X™ - Unlined Neoprene Gloves with Grip Tips and Digital Palms

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® Neoprene Stealth-X™ unlined gloves are one of the most preferred year-round search and duty gloves ever made. The overall hand flexibility from the neoprene, matched with the extreme sensitivity of our unique GripSkin™ digital print palms are the primary features behind this styles popularity. Whether shooting, searching a suspect, driving, etc. these gloves feel second-skin thin. Extremely durable and completely washable, they are a must-have!

- Digital print palms made with unique GripSkin™ Technology providing extreme grip in wet or dry weather
- All-weather durability even in wet conditions
- Non-slip materials on fingertips (not on index trigger finger)
- Breathable Neoprene back
- NEW low profile wrist strap closure
- Washable
- Size range: Men's SM to XXLG

#DNS860L : Stealth X™ - LINED Cold Weather Neoprene Gloves with Grip Tips

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® Neoprene Stealth-X™ lined gloves are one of the most preferred year-round search and duty gloves ever made. The overall hand flexibility from the neoprene, matched with the extreme sensitivity of our unique GripSkin™ digital print palms are the primary features behind this styles popularity. Whether shooting, searching a suspect, driving, etc. these gloves feel second-skin thin. This cold weather version features the warmth protection of Thinsulate® linings and the waterproof abilities of HiPora® liners. A perfect cold and wet weather friendly glove style.

- The same as the #DNS860, with the addition of Thinsulate® and HiPora® waterproof liners
- Digital print palms made with unique GripSkin™ Technology providing extreme grip in wet or dry weather.
- Non-slip materials on fingertips (not on index trigger finger)
- Breathable Neoprene back
- NEW low profile wrist strap closure
- Washable
- Meets OSHA Standard for blood borne protection
- Size range: Men's SM to XXLG

#DNXF190-B : Flight gloves with Nomex®

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® Nomex® flight gloves are flame and flash protective up to 800° F (427° C). Made to the standard of the US Mil Spec and are constructed of Dupont® Nomex fabric and thread. Each tactical glove has soft leather palms and elongated cuffs for exceptional hand protection without compromising hand sensitivity.

- Traditional military flight glove style made to the standard of U.S. Mil Spec
- DuPont Nomex® fabric and thread
- Flame and flash protective to 800°F (427°C)
- Smooth premium quality aniline finished cowhide palms
- Size range: Men's SM to XXLG

#DPG125 : Patrol Guard with KEVLAR®

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. These Kevlar® palm gloves are specifically designed for all-day duty and patrol use. The Patrol Guard™ is one of the more popular cut resistant gloves made and provide moderate cut resistance from glass, razor blades and other hazards encountered during routine searches in the line of duty. They feature a 100% Kevlar inner lining on the inside of the fingers and palm for protection from sharp objects. The outer palm layer is of durable synthetic leather with non-skid material in the cradle of the hand for maximum grip and weapon

control. The back of the hand is constructed of 1.5mm neoprene and nylon spandex to provide a snug fit without hindering dexterity. Terry cloth on the outer thumb can be used to wipe away perspiration

- NEW Ergo wrist cuff design with low profile wrist strap closure
- 100% 9oz. Kevlar® fabric bonded to Clarino® synthetic leather on palms for cut resistance
- Non-slip material in hand cradle offers sure grip and weapon control
- Back of hands feature 1.5mm neoprene and nylon Spandex® for snug fit
- Terry cloth outer thumb can be used for perspiration wipe
- Washable
- Size range: Men's SM to XXLG

#DPG125-Q5 : Patrol Guard™ with Razornet Ultra™ liners

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. The popular Patrol Guard™ has been combined with the Damascus Razornet Ultra™ liner to provide a higher standard in cut-resistant duty gloves. Razornet Ultra™ is a Damascus® proprietary blend of yarns which feature one of the highest performance levels in cut resistant duty gloves available. The Q5 liner type / Razornet Ultra™ have been lab tested according to the CE Certification test criteria of EN388 (European Standard) and exceed Level 5, their highest cut resistance level.

The outer palm layer is of durable synthetic leather with non-skid material in the cradle of the hand for maximum grip and weapon control. The back of the hand is constructed of 1.5mm neoprene and nylon spandex to provide a snug fit without hindering dexterity. Terry cloth on the outer thumb can be used to wipe away perspiration

- The same design as our DPG125, but with Razornet Ultra™ blended cut resistant knit liners
- Razornet Ultra™ is a Damascus® proprietary blend of yarns which feature one of the highest performance levels in cut resistant duty gloves available.
- The Q5 Razornet Ultra™ liners have been lab tested according to the CE Certification test criteria of EN388 (European Standard) and exceed Level 5, their highest cut resistance level

- Back of hands feature 1.5mm neoprene and nylon Spandex® for snug fit
- Terry cloth outer thumb can be used for perspiration wipe
- NEW Ergo wrist cuff design with low profile wrist strap closure
- Soft comfortable Razornet™ linings also incorporate Spandex® for form-fit
- Size range: Men's SM to XXLG

#DSO150H-B : SpecOps™ Tactical Gloves – with KEVLAR® and Hard Knuckles

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DSO150 SpecOps™ with Hard Knuckles are a new and much improved elite tactical glove style which allows the tactical operator the highest amount of dexterity and tactility to manipulate weapons and tools. It greatly improves long-term wear issues that flight gloves tend to experience with extended field use. DuPont® Kevlar® fabric provides flame and flash protection as well as cut resistant on the backs of hands. An elasticized wrist keeps the DSO150 taut, while the elasticized gauntlet keeps out foreign objects and prevents snagging. A second layer of etched leather in the palm provides additional protection and is ergonomically cut to prevent bunching while clenching objects. Foam padding in the heel of the palm cushions the shock of firearm recoil. The enhancement of impact resistant hard shell Carbon-Tek™ knuckles make this one of the finest protective operator gloves available.

- Backs of hands feature Carbon-Tek™ Hard Knuckles for impact protection
- Ergonomic cut and fit
- Kevlar® shell provides cut resistance and flash protection to 800°F (427°C)
- Water resilient two-layer reinforced etched leather palms
- Extended cuff and elasticized wrist keeps these gloves snug and the elements out
- Index fingers may be trimmed for greater trigger control
- Size range: Men's SM to XXLG

#DZ-8 : Tempest™ - Advanced All-weather Gloves with GripSkin™ Technology

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DZ8 Tempest™ gloves are a medium weight cold weather glove style. These gloves incorporate a performance articulated pre-curved design that maximizes hand comfort and fit. The digital print palms made with unique GripSkin™ Technology provide an extreme grip in wet or dry weather whereas the nylon stretch panels and neoprene on backs of hands provide water and wind resistance. The Thinsulate® and Waterproof HiPora® lining make these gloves the ideal wet and cold-weather gloves.

- Performance articulated pre-curved design to maximize hand comfort and fit
- Digital print palms made with unique GripSkin™ Technology providing extreme grip in wet or dry weather
- Water and Wind resistant Taslan® Nylon stretch panels and neoprene on backs of hands
- Thinsulate® lined
- Waterproof HiPora® lined
- Wet weather friendly
- Excellent cold-weather shooting gloves
- Adjustable Velcro® wrist closure
- Size range: Men's SM to XXLG

#DZ-9 : SubZERO™ - The "ULTIMATE Cold Weather Gloves"

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DZ9 SubZero™ gloves are an original design concept by Damascus®, and are the Ultimate extreme cold weather gloves. They incorporate a special multi-layer patent-pending system guaranteed to keep your hands warm under frigid sub zero temperature conditions. Performance articulated pre-curved design maximizes hand comfort and fit along with the leather panels on backs of hands. A full leather palm, neoprene at the wrist and an adjustable Velcro® wrist closure complete this truly unique high-performance glove.

- A Damascus® original design concept featuring a unique multi-layer system
- Guaranteed to keep your hands warm from any temperature to subzero temperatures
- Performance articulated pre-curved design to maximize hand comfort and fit
- Full leather palm
- Water resistant backs
- Adjustable Velcro® wrist closure
- Size range: Men's SM to XXLG

#DZ-10 : ARTIX™ Winter Cut Resistant w/ KEVLAR®, Hydrofil & Thinsulate® Insulation

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, and beyond. The Damascus® DZ10 Artix™ gloves are a moderate to cool weather glove style with cut resistant Kevlar® palms. The nylon backs and Clarino palms make these wet weather friendly as well.

- The first winter cut resistant glove of its kind!

- Extended gathered wrist for secure fit
- CE rated
- Size range: Men's SM to XXLG

#X4 V-FORCE® Ultimate Puncture Resistant Gloves with double KoreFlex Micro-Armor™ finger tip protection

Created by Damascus Gear™, leaders in full body protective gear for law enforcement, military, etc. The #1 Selling Puncture Resistant Gloves in the law enforcement industry! The V-FORCE™ Maximum puncture-resistant search gloves utilize the newest generation of exclusive patent-pending puncture resistant material called KoreFlex Micro-Armor™. It has been developed by and is available only from Damascus® Protective Gear. The primary protection is in the finger tips to protect against contaminated hypodermic needles while conducting searches through pockets, under car seats, etc. As well, the flexibility, performance, comfort, and professional appearance of the V-FORCE™ gloves is unmatched. The use of the very latest in puncture resistant technology has greatly enhanced the protection levels now available to law enforcement and military personnel. Simply, if you or your agency is in the market for puncture resistant gloves please test and compare the differences for yourself.

NOTE: No gloves are puncture or cut PROOF, and all have their limitations. Always use extreme caution when searching. These gloves have been tested using ASTM tests specifically with 21g hypodermic needles. Independent test lab results are available.

- Our top of the line puncture resistant glove style
- Double protection with two layers of KoreFlex Micro-Armor™ in the finger tips for maximum puncture resistance (Single layer palm areas)
- Unique Finger Tip design for increased fit and trigger control
- Kevlar® knit liners for increased cut resistance
- Velcro® closure strap with embossed logo
- Very flexible with superior grip for suspect apprehension and control
- CE rated
- Sizes: Men's SM to XXLG
