

# THE #1 MFG OF PROTECTIVE GEAR FOR RIOT & CROWD CONTROL

Damascus Gear® has been making premium quality hand gear for the men and women of the US Armed Services and other facets of law enforcement worldwide, since 1955. Very early on in our history, we started out as "Damascus Leather Shop". The store and business were founded in Damascus, Oregon USA. Through our history and experience, the Damascus name has become synonymous within the industry and around the world, as "the best".

With over 65 years of experience in gear design and manufacturing for law enforcement and military, there is no company in the marketplace in our product category with a greater collective knowledge and experience in the latest materials, design techniques, and development. We sell our product line to most of the largest distributors, dealers, and catalog companies in the industry worldwide. We also make private label gear for other well-known companies within our industry.

We provide the highest level of personal protection including full body riot control gear, protective knee and elbow pads, helmets, shields, batons, gloves and more. Attention to design, function and the smallest of details, along with the use of only the finest quality leathers and materials have delivered consistent and trusted protection for our customers. Our line continues to swiftly evolve as new technologies become available and are subsequently incorporated into our products.

The current Damascus Gear® product line features over 100+ different styles. Primary markets covered by Damascus Gear® include: police, corrections, military and tactical.

LAW ENFORCEMENT - CORRECTIONS - MILITARY

The **Phenom 6® PX6 Tactical Riot Suit** is by far the most versatile crowd control gear available today. Its design, function, styling and fit are the result of the individuals behind it (literally): 20+ years of protective gear design and manufacturing experience + an equal amount of documented in field use analysis has been the driving force behind what is truly, "the latest and greatest" of its kind.

When thoughtfully designing our new riot suit we determined the previously unaddressed need for much greater flexibility of use for the wearer. Specifically, the need for the suit to take multiple forms/variations in different on-scene environments. Therefore, the suit provides increased mobility for extended deployment, and enhanced level of protection from high-threat environments such as civil disturbance, mass demonstrations, etc.

Having a multitude of actual requirements in mind we created the PX6 Tactical Riot Upper Body Unit with a removable Impact Dispersal Plate that has the highest grade blunt force protection as well as doubling as a tactical vest which allows the addition of a rifle plate in front or back, and mounting your gear using an external MOLLE system. The versatility of this modular suit is unmatched as it can be configured in such a variety of ways. Each component can be worn together or individually paired with other products.

The outer material of the suit uses a fire-resistant knit fabric protecting the users from flash fires and Molotov cocktails. The inner fabric uses an Absortek II® fabric technology which helps wick away perspiration keeping the user drier in high temperature and/or extended deployment. The vest uses an integrated waist cummerbund system that can be easily adjusted to various torsos for comfort, support and fit. The adjustable shoulder straps accommodate multiple torso lengths as well.

#### **UPPER BODY PROTECTOR**

- Tactical Vest with removable Electrum XK10™ Chest and Back Impact Dispersal Plates
- Impact Plates can be worn externally or concealed inside Tactical Vest
- After Impact Plate removal the outside of the Tactical Vest reveals expansive MOLLE attachment coverage for pouches and accessories

  Chest and Back Impact Dispersal Plates have the highest impact protection
- (offers 3 times the protection of the Damascus® FX1)
- Trauma and Rifle Armor Plates (up to 10" x 12") can fit in a specially designed top loading pocket (not included)
- Integrated communications/hydration elastic channels on shoulders
   Hydration pocket in back (top loading)
- Rear drag strap for emergency extraction
- Fully adjustable shoulder straps and cummerbund
- Fire resistant knit outer material in accordance to EN13501-1:2007+A1:2009
- Absortek II® inner lining helps wick moisture away
- 9" x 3" Velcro ID patches (sold separately) can be attached to the front and rear of MOLLE on the Tactical Vest and to the front and back of the Impact Plates

#### SHOULDER/FOREARM PROTECTORS

- Removable and adjustable shoulder and forearm protectors - 2.5mm Electrum XK10™ hard plates with shock absorbing
- Protium V<sup>™</sup> foam covered 420 denier Cordura nylon
- Fire resistant knit outer material
- Absortek II® lines the inside which offers comfort and breathability - Adjustable straps fasten with durable nylon elastic and Velcro®
- The removable Shoulder can be used without the Forearm piece OR combined to be used as one complete arm protector. Both items can be worn or paired with other vests. Also sold separately as a pair (Item #PXA)

#### THIGH/GROIN PROTECTOR

- Two separate thigh protectors do not obstruct the user's uniformed duty belt or the holster/sidearm
- Thigh protector can attach to either the vest or a standard duty belt
- Outside of thigh protectors reveal expansive MOLLE attachment coverage for pouches and accessories
- 7mm and 2.5mm shock absorbing Protium™ foam with 150 denier Cordura nylon covering the entire outside
- Fire resistant knit outer material
- Absortek II® lines the inside which offers comfort and breathability
- Adjustable straps fasten with durable nylon elastic and Velcro® - Unisex Groin Protector with shock absorbing Protium™ foam
- Includes quick disconnect clips on front and back for easy restroom access

- Hard Electrum XK10™ knee caps with super non-slip grip Heavy-duty reinforced Protium V™ foam padded nylon inner support
- Fire resistant knit outer material
- Absortek II® lines the inside which offers comfort and breathability - Inner support riveted to the shin plates for ultimate durability
- Multiple adjustable nylon triangle quick connect straps gives a secure fit
- Removable foot and ankle protector fits securely to the shoe

### MADE IN THE USA BY DAMASCUS GEAR®

Introducing the first protective gear styles from the new **US Made Damascus Gear® D-Flex™ Series**. These Forearm/Elbow Protectors and Knee/Shin Protectors provide substantial protection from blunt force trauma while offering supreme breathability and fit. The triple pressed antimicrobial FlexCore™ foam padding provides a breathable contoured fit for all body types while providing maximum protection. The Electrum XK10™ Hard Shell Plates shield against blunt force trauma. These products were designed to address the bulkiness and fit issues with competing products, with an ultra light weight design that doesn't compromise protection.

## **DSG100GSA471US**

The most comfortable hybrid knee pad ever built specifically for Law Enforcement or Military use... just so happens to offer some serious impact protection. The **DKX2** has a unique hybrid construction that combines high and low density materials to deliver maximum "cush", while the contoured ergonomic shape offers superior knee pad support. Part of the DKX2's secret is its GEL and GEL foam center cores which contain two types of shock-absorbing gels, bonded together to create unsurpassed comfort. The GEL also absorbs body weight and disperses it within the pad.

### DKX2-B

### **VORTEX II™ GEL-CORE HYBRID KNEE PADS**

- Heavy-duty, hard-shell composite cap which is truly NON-SLIP and plants you firmly on any surface.
   The GEL cores and the unique caps then work together to produce the best possible knee zone protection from blunt force trauma.
   Perforated breathable neoprene coated with silicon at the tops of the pads hug the leg above the knee.

- Perforated breatnable neoprene coated with silicon at the tops of the pads hug the leg above the knee.
   1000 denier nylon Cordura® braces and protects the rest of the knee area.
   Both straps feature silicone coated strips to prevent pads from slipping in motion, and reinforced rivets.
   The ergonomic design of the DKX2 as a unit conforms to the knees like no other and produces superb mobility. The pads have been extensively designed specifically for law enforcement and military to produce the highest level of durability and extended knee pad life.
   One size fits all

# DAMASCUS GEAR CUSTOMIZATION LAB

In an industry first, Damascus Gear® is now offering Glove & Gear Customization and Personalization. Depending on the Surface Option chosen (listed below), we use our in-house laser engravers to create a semi-permanent patch or patches that can be applied to many of our glove styles (noted throughout the catalog with the "Damascus Gear Lab™" logo) and a number of gear items including bags. From your Department Logo, Your Name, or Agency Acronym.

## **HOW IT WORKS**

Fill out our Customization Form online at: **DamascusGear.com/CustomizationLab** 

# 4 MATERIAL SURFACE OPTIONS

### **O SILICONE ENGRAVING**

- Good detail for most department shields or logos
- All logos and symbols are subject to approval
- Color options: Black or Gray

### **3 DAYBRIGHT® REFLECTIVE**

- Limited to block lettering such as "FBI", "DEA", "SECURITY", and names
- Glove iD Must Contain no more than: 12 Letters/numbers per ROW and 24 Letters Total per hand + 2 numbers
- The more letters or words you add the smaller the font size will get!
- Color options: Red, Silver/White, Blue or High Vis Yellow

### **2 SYNTHETIC LEATHER ENGRAVING**

- The most detail... best for department shields or logos
- All logos and symbols are subject to approval
- Color options: Black or Gray

### **4** 3M™ SCOTCHLITE™ REFLECTIVE

- Limited to letters only
- Retroreflectivity in low-light conditions when illuminated by a light source
- Silver Reflective

### **PACKAGING**

Eye catching hang-card packaging for all gloves and select protective gear products. Glove attaches with bungee strap for easy accessibility. Glove card size: 4.5" width x 8.75" height

### **DAMASCUS GLOVE SIZING**

Usually one hand will be slightly larger than the other, typically the strong hand (e.g. the right if right handed). Using a tape measure, wrap the tape around the hand at the widest part as shown and make a loose fist. Round the measurement to the nearest whole inch. Locate your size from the chart below.

### **WARRANTY INFORMATION**

All Damascus products carry a NO HASSLES GUARANTEE against true defects in workmanship and/or materials. Guarantee does not apply to misused items or normal wear and tear. Products returned under warranty claims are subject to final approval by Damascus® after evaluation. In the event the product returned is not in stock or has been discontinued, the product/s will be replaced with another style of equal or greater value.

DuPont™, Kevlar®, and Nomex® are trademarks or registered trademarks of E.I. du Pont de Nemours and Company.
